Arusha/Lake Manyara

After breakfast you will depart Arusha as you take a scenic drive to the beautiful Lake Manyara, a shallow alkaline lake that shimmers in an opening in the Great Rift Valley. A small but uniquely diverse national park, Manyara is home to the world-famous tree-climbing lions, thousands of flamingos and nearly 500 species of birds.

It would be difficult to find a more dramatic setting than the 4-star Lake Manyara Serena Lodge which is situated at the edge of an escarpment and overlooks both the Great Rift Valley and the beautiful lake of Manyara. The lodge offers a unique blend of tranquillity, wildlife discovery and ornithological richness.

The rooms are housed in white-washed 'rondavels' (traditional circular buildings with thatched roofs), which are situated along the edge of the cliff so as to allow for maximum views. Each spacious room has its own small veranda while the interior décor reflects the blue of the lake and the pink of its flamingos. Facilities in the rooms include telephone and Wi-Fi, hairdryers, toiletries, bathrobe and slippers.

Arrive in time for lunch and some time to settle in. Later in the afternoon, head out on a game drive in this diverse national park.

Lake Manyara/Serengeti

Your adventure continues as you set off after breakfast to the vast plains of the Serengeti with a picnic lunch en route. You will probably start spotting game well before you get into the park.

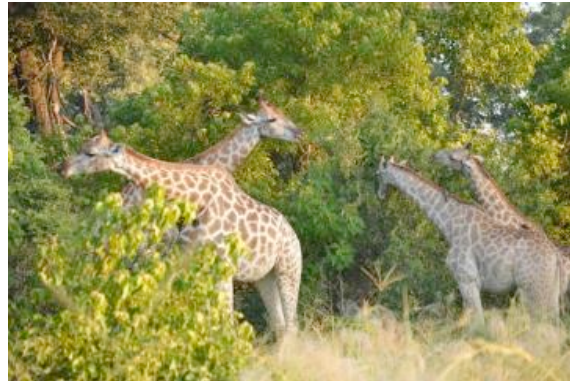

The Serengeti offers some of the most entertaining game-viewing in Africa: great herds of buffalo, smaller groups of elephant and giraffe, and thousands upon thousands of eland, topi, impala and Grant's gazelle. Lion prides feast on the abundance of plain grazers. Solitary leopards haunt the acacia trees lining the Seronera River, while a high density of cheetahs prowls the south eastern plains.

Serengeti Serena Lodge offers comfortable rooms with awesome views across the sweeping plains. Inspired by a traditional African village, separate "rondavel huts" house the luxury en-suite guest rooms each with a balcony.

Serengeti Giraffes

Set high on the saddle of a tree-clad ridge, commanding panoramic views across the Serengeti, this lodge is the ultimate fusion of traditional African architecture and world-class style. Winner of numerous awards, it is perhaps the finest venue the Serengeti has to offer.

Thursday – 22 March 2018

Serengeti National Park

Explore the endless plains during morning and afternoon game drives when the animals are most active. In the early morning watch hippos return to water; giraffes foraging from trees; and lions returning from the evening hunt to relax in the shade of a tree. In the afternoon look out for cheetahs, crocodiles and leopards.

This enormous park supports every variety of animal imaginable - from large predators such as lion, leopard and cheetah to the smaller herbivores they prey on.

Serengeti National Park/Ngorongoro Crater

Enjoy a game drive and picnic lunch en route to the Ngorongoro Crater, a remnant of an ancient volcano with one of the greatest concentrations of wildlife in Africa.

Known as 'the eighth wonder of the world' the Ngorongoro Crater is one of Africa's best-known wildlife arenas. A UNESCO World Heritage Site, it offers a unique biosphere, which has remained virtually unchanged since the dawn of time. Deep within the Crater, enclosed by towering walls, some 25,000 large mammals wander the plains, lakes and forests of 'the land that time forgot', dominated by enormous bull elephants, rhinos and lions.

Ngorongoro Serena Lodge

Stay at Ngorongoro Serena Lodge, with its blend of luxury and ethnic style and offering stunning views.

Hugging the contours of the jagged Crater rim, the lodge takes its inspiration from the so-called 'Cradle of Mankind', the prehistoric site of Olduvai Gorge, which lies close by. Linked by arched stone passages and timbered decks, its walls are decorated with stylized prehistoric cave paintings and lit by flaring torches.
